Executive Director

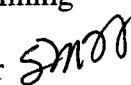

Division of
Oil, Gas & Mining

JOHN R. BAZA
Division Director

JON M. HUNTSMAN, JR.
Governor

GARY R. HERBERT
Lieutenant Governor

November 10, 2005

TO: John Baza, Director 
THRU: Mary Ann Wright, Associate Director of Mining
THRU: Susan White, Mining Program Coordinator 
THRU: Beth Ericksen, Bonding Coordinator 
FROM: Paul Baker, Reclamation Biologist 
SUBJECT: Letter Addenda; International Uranium; Rim Columbus, Pandora, LaSal/Snowball, Hecla, and Redd Block IV Mines; M/037/006, M/037/012, M/037/026, M/037/043, and M/037/046; San Juan County, Utah

On September 20, 2005, the Division received riders increasing the surety amounts for these five sites. This was in response to a letter the Division sent August 1, 2005, after conducting a routine 5-year review of the facilities at the sites. The operator provided new maps showing the areas that have been disturbed.

The attached letter addenda update the reclamation contracts to show the new surety amounts, reference the new maps, and update company officer and address information. The legal descriptions have been changed to correspond with the new maps.

If you are in agreement with accepting these new sureties and modifying the reclamation contracts as discussed, please sign the letters. We will then forward the letters and copies of the maps to the operator for their signature. Please contact me if you have any questions about this action.

Thank you for your consideration.
